LET THE SOUTH LEAD.

Under this caption the Philadelphia Record suggests that in undertaking the national task of solidifying and rejuvenating the Democratic party it will not be the part of wisdom to go to either New York or Nebraska for leadership. That part of the Union which furnishes the electoral votes for Democratic presidential candidates should be allowed in 1908 to write the platform and name the men behind whom the party is expected to rally.

The mass of the party throughout the country is thoroughly tired of radical experiments. The South, through the years of reconstruction and reaction since the close of the civil war, has persisted in steady allegiance to the principles upon which the party was founded and upon which the policies of the country were molded during the strenuous formative years of the nation. It is clear that Southern Democrats who made the early days of the Republic illustrious, though out of power for a generation, have not lost the trick of statesmanship.

There are hundreds of able Southerners in public life and thousands in private life who are fit for any duty which the country might devolve upon them. Why should not the Democratic party go South once more, where it found Jefferson, Madison, Monroe and Jackson, and where Lincoln was bred? The scars of war are healed. The most serious problem that confronts the future of the nation is to be dealt with and settled as a Southern problem. In this behalf the North, acting precipitately from sentiment rather than knowledge, has made unfortunate mistakes. Why should not the States below Mason and Dixon's line in the present exigent situation resume their commanding political importance, especially now that the line has been erased and sectional hostilities obliterated?

In Praise of Chamberlain's Cough Remedy.

There is no other medicine manufactured that has received so much praise and so many expressions of gratitude as Chamberlain's Cough Remedy. It is effective, and prompt relief follows its use. Grateful parents everywhere do not hesitate to testify to its merits for the benefit of others.

It is a certain cure for croup and will prevent the attack if given at the first appearance of the disease. It is especially adapted to children as it is pleasant to take and contains nothing injurious.

Mr. E. A. Humphreys, a well known resident and clerk in the store of Mr. E. Lock, of Allee, Cape Colony, South Africa, says: "I have used Chamberlain's Cough Remedy to ward off croup and colds in my family.

There are only five voters in a township near Santa Fe, N. Mex., and four of them serve on the election board. There is no doubt how the four will vote, since two are Republicans and two are Democrats; but the fifth man is in doubt. For his benefit speeches have been delivered, red fire has been burned and campaign literature has been supplied. The voter declares he will not cast his ballot until the last minute before the close. He believes in making the election officers earn their money.

Given Up To Die

B. Spiegel, 1204 N. Virginia St., Evansville, Ind. writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured."
